Independent Auditors' Report

The Honorable Mayor and Members
of the Borough Council
Borough of Roseland
Roseland, New Jersey

Report on the Financial Statements

We have audited the accompanying regulatory basis financial statements of the various funds of the Borough of Roseland, County of Essex, New Jersey (the "Borough") as of and for the years ended December 31, 2014 and 2013, the statements of revenues, expenditures and changes in fund balances for the year ended December 31, 2014 and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"); this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller of the United States; and audit requirements as prescribed by the Division. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the regulatory basis financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion

Management has prepared the financial statements in conformity with accounting practices prescribed by the Division which are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. These practices differ in certain respects, which in some instances may be material, from accounting principles generally accepted in the United States of America applicable to local government units. The more significant of these practices are described in Note 1 to the financial statements.

Adverse Opinion

In our opinion, because of the Borough's policy to prepare its financial statements on the basis of accounting discussed above, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Borough as of December 31, 2014 or the results of its operations for the year then ended.

Unmodified Opinion

In our opinion, the regulatory basis financial statements referred to above present fairly, in all material respects, the respective financial position of the various funds of the Borough of Roseland, Essex County, New Jersey, as of December 31, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles and practices prescribed by the Division, as described in Note 1 to the financial statements.

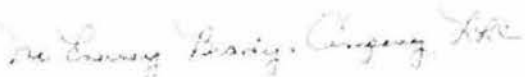

Other Matters

Other Information

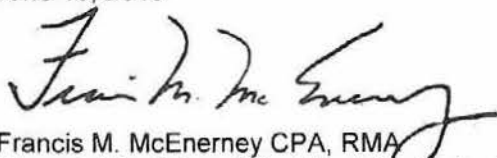

Our audit was conducted for the purpose of forming opinions on the regulatory basis financial statements that collectively comprise Borough's basic financial statements. The information included in the supplemental sections is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental sections and schedules of expenditures of state awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 15, 2014 on our consideration of the Borough's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough's internal control over financial reporting and compliance.

BOROUGH OF ROSELAND

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014

NOTE 1 – REPORTING ENTITY SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Borough of Roseland (the "Borough") is organized as a Mayor-Council municipality under the provisions of N.J.S.A. 40:69A-81 et seq. The Borough is "governed by an elected Council and Mayor, and by such other officers and employees as may be duly appointed. The Council shall consist of six members elected at large by voters of the municipality and shall serve for three years beginning on the first day of January next year following their election and that the mayor shall be elected to a four year term. Each member of the Council carries a legislative vote. The Borough's major operations include public safety, road repair and maintenance, sanitation, fire protection, recreation and parks, health services, water and sewer, and general administrative services.

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles for state and local governments. The GASB Codification establishes seven fund types and two account groups to be used by governmental units when reporting financial position and results of operations in accordance with generally accepted accounting principles (GAAP).

The accounting policies of the Borough of Roseland ("Borough") conform to the accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") which is another comprehensive basis of accounting other than generally accepted accounting principles. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for its financial transactions through the separate funds, which differ from the fund structure required by GAAP.

GASB has issued Statement No. 14 which requires the financial reporting entity to include both the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose will by the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government.

However, the municipalities in the State of New Jersey do not prepare financial statements in accordance with GAAP and thus do not comply with all of the GASB pronouncements. The financial statements contained herein include only those boards, bodies, officers or commissions as required by the provisions of N.J.S.A. 40A:5-5. The financial statements of the Borough, however, do not include the operations of the Municipal Library, which is a separate entity subject to a separate examination.

Basis of Accounting

The Borough uses funds, as required by the Division, to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial administration by segregating transactions related to certain Borough functions or activities. An account group, on the other hand, is designed to provide accountability for certain assets and liabilities that are not recorded in those Funds.

The Borough has the following funds and account groups:

Current Fund – This fund is used to account for resources and expenditures for governmental operations of a general nature, including Federal and State grants which are reflected in a segregated section of the Current Fund.

Trust Funds – Trust Funds are used to account for assets held by the government in a trustee capacity. Funds held by the Borough as an agent for individual, private organizations, or other governments are recorded in the Trust Funds. These include the Animal Control Trust Fund, Open Space Trust Fund, Affordable Housing Trust Fund and the General Trust Fund. The Animal Control Fund is used to account for fees collected from dog licenses and expenditures which are regulated by N.J.S.A. 4:19-15.11. The Affordable Housing Trust Fund is used to account for funds collected in connection with the Borough's affordable housing program in accordance with P.L. 2009, c.46 (C 52:27D-329.1 et al) and the regulations of COAH at N.J.A.C. 5:97-8.1. The General Trust Fund encompasses accounts of activity for Federal Community Development Block Grants, Recreation Commission, Developer's Escrow and Other Special Deposits.

Open Space Trust Fund – This fund is used to account for the receipts and disbursement of funds used for acquisition of land for recreation and conservation purposes, development of land acquired for recreation and conservation purposes; maintenance of land acquired for recreation and conservation purposes; acquisition of farmland for farmland preservation purposes; historic preservation of historic properties, structures, facilities, sites, areas, or objects, and the acquisition of such properties, structures, facilities, sites, areas or objects for historic preservation purposes or payment of debt service on indebtedness issued or incurred by municipality as set for purposes stated above.

General Capital Fund – This fund is used to account for the receipt and disbursement of funds used for acquisition or improvement of general capital facilities, other than those acquired in the Current Fund, as well as the long-term debt accounts.

Water and Sewer Utility Fund – This fund is used to account for the revenues and expenditures for the operation of the Borough's Water and Sewer Utility activities and the assets and liabilities relative to such activities. Acquisition or improvement of capital facilities for the Water and Sewer Utility, as well as the related long-term debt accounts, is accounted for in the capital section of the fund.

Free Public Library – This fund is used to account for the revenues and expenditures for the operation of the Borough's Free Public Library (the "Library") is subject to a separate examination.

Payroll Fund – This fund is used to account for the net salaries, payroll deductions and social security contributions of municipal and utility operations, which are deposited into various bank accounts of the Payroll Fund. A Payroll Fund does not exist under GAAP.

Capital Fixed Assets – These accounts reflect estimated valuations of land, buildings and certain movable fixed assets of the Borough.

Accounting Principles

The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from GAAP applicable to local government units. The more significant differences are as follows:

Miscellaneous Revenues – Miscellaneous revenues are recognized on a cash basis. Receivables for the miscellaneous items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

Grant Revenues – Federal and State grants, entitlements or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Borough budget. GAAP requires such revenues to be recognized in the accounting period when they are earned and the expenditures to be recognized when the liability is incurred.

Property Tax Revenues – Real property taxes are assessed locally, based upon the assessed value of the property. The tax bill includes a levy for Municipal, County, and School purposes. Taxes are payable in four quarterly installments on August 1, November 1, February 1 and May 1. If unpaid on these dates, the amount due becomes delinquent and subject to interest at 8% per annum, or 18% on any delinquency amount in excess of \$1,500.00. The Borough also imposes a 6% year end penalty for a delinquency over \$10,000.00 as of December 31. The School levy is turned over to the Board of Education as expenditures are incurred, and the balance, if any, must be transferred as of June 30, of each fiscal year. County taxes are paid quarterly on February 15, May 15, August 15 and November 15, by the Borough. When unpaid taxes or any municipal lien, or part thereof, on real property, remains in arrears on May 1 in the year following the calendar year levy when the same became in arrears, the collector of the municipality shall (subject to the provisions of the New Jersey Statutes) enforce the lien by placing the property on a tax sale. The Borough institutes annual in rem tax foreclosure proceedings to enforce the tax collection or acquisition of the property. In accordance with the accounting principles prescribed by the Division, current and delinquent taxes are realized as revenue when collected. Since delinquent taxes and liens are fully reserved, no provision has been made to estimate that portion of the taxes receivable and tax title liens that are uncollectible. GAAP requires property tax revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

Budget and Budgetary Accounting – An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures. Budget amounts presented in the accompanying financial statements represent amounts adopted by the Borough and approved by the Division per N.J.S.A. 40A:4 et seq. The Borough is not required to adopt budgets for the following funds:

- General Capital Funds
- Trust Funds

The governing body shall introduce and approve the annual budget not later than February 10, of the year. The budget shall be adopted not later than April 2014, and prior to adoption must be certified by the Division. The Director of the Division, with the approval of the Local Finance Board, may extend the introduction and approval and adoption dates of the municipal budget. The budget is prepared by fund, function, activity and line item (salary or other expense) and includes information on the previous year. The legal level of control for appropriations is exercised at the individual line item level for all operating budgets adopted. Emergency appropriations, those made after the adoption of the budget and determination of the tax rate, may be authorized by the governing body of the municipality. During the last two months of the year, the governing body may, by a 2/3 vote, amend the budget through line item transfers. Management has no authority to amend the budget without the approval of the Governing Body. Expenditures may not legally exceed budgeted appropriations at the line item level.

Expenditures – Are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with an encumbrance accounting system. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements. Unexpended or uncommitted appropriations at December 31 are reported as expenditures through the establishment of appropriation reserves, unless cancelled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for un-matured interest on general long-term debt, which should be recognized when due.

Encumbrances – Contractual orders outstanding at December 31 are reported as expenditures through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves – Are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

Compensated Absences – Expenditures relating to obligations for unused vested accumulated vacation and sick pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

Property Acquired for Taxes – Is recorded in the Current Fund at the assessed valuation when such property was acquired and fully reserved. GAAP requires such property to be recorded in the General Fixed Assets Account Group at market value on the date of acquisition.

Interfunds – Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

General – Capital fixed assets used in governmental operations are accounted for in the Capital Fixed Assets. Public domain (infrastructure) general capital fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. Acquisitions of land, buildings, machinery, equipment and other capital assets are recorded on a perpetual capital fixed asset record. Vehicles, furniture, equipment and other items are reflected at replacement values at time of inventory preparation. Additions to the established capital fixed assets are valued at cost. The Borough has adopted the policy of recording fixed assets valued at \$5,000 or greater and has adjusted their records during the year to remove assets previously recorded below the threshold amount. Depreciation of assets is not recorded as an operating expense of the Borough.

Utilities – Capital acquisitions, including utility infrastructure costs of the Water and Sewer Utility are recorded at cost upon purchase or project completion in the Fixed Asset Account of the Utility. The Fixed Asset account is adjusted for dispositions or abandonments. Utility improvements that may have been constructed by developers are not recorded as additions to Fixed Capital. Fixed Capital of the Utilities are offset by accumulations in the Amortization Reserve Accounts. The accumulations represent costs of fixed assets purchased with budgeted funds or acquired by gift as well as grants, developer's contributions or liquidations of bonded debt and other liabilities incurred upon fixed asset acquisition.

The Fixed Capital Accounts reflected herein are recorded in the records of the municipality and do not necessarily reflect the true condition of such Fixed Capital. The records consist of a control account only. Detailed records are not maintained.

Inventories– An annual inventory of materials and supplies for the Water and Sewer Utility is required, by regulation, to be prepared by Borough personnel for inclusion on the Water Sewer Utility Operating Funds balance sheet. Annual changes in valuations, offset with a Reserve Account, are not considered as affecting results of operations. The costs of inventories of supplies for other funds are recorded as expenditures at the time individual items are purchased and are not inventoried nor included on their respective balance sheets.

Cash and Investments – Cash includes amounts in demand deposits as well as short-term investments with a maturity date within one year of the date acquired by the government. Investments are stated at cost and are limited by N.J.S.A. 40A:5-15.1 to bonds or obligations of, or guaranteed by, the Federal Government and bonds or other obligations of Federal or local its having a maturity date not more than twelve months from the date of purchase. GAAP requires that investments be reported at fair value.

Tax Appeal and Other Contingent Losses – Losses arising from tax appeals and other contingent losses are recognized at the time a decision is rendered by an administrative or judicial body and not when it is probable that a loss has been incurred and the amount of such loss can be reasonably estimated.

Basic Financial Statements

Use of Estimates – The preparation of financial statements in conformity with the accounting principles and practices prescribed by the Division requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Comparative Data – Comparative data for the prior year has been presented in the accompanying financial statements in order to provide an understanding of changes in the Borough's financial position and operations. However, comparative data have not been presented in all statements because their inclusion could make certain statements unduly complex and difficult to understand.

The GASB Codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be in accordance with GAAP. The Borough presents the financial statements listed in the table of contents which are required by the Division and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

NOTE 2 –CASH, CASH EQUIVALENTS AND INVESTMENTS

Deposits:

New Jersey Statutes permit the deposit of public funds in institutions located in New Jersey, which are insured by the Federal Deposit Insurance Corporation (FDIC), the Savings Association Insurance Fund (SAIF), or by any other agencies of the United States that insures deposits or the State of New Jersey Cash Management Fund.

The State of New Jersey Cash Management Fund (the "Fund") is authorized by statute and regulations of the State Investment Council to invest in fixed income and debt securities which mature or are redeemed within one year. Twenty-five percent of the Fund may be invested in eligible securities which mature within two years provided, however, the average maturity of all investments in the Fund shall not exceed one year. Collateralization of Fund investments is generally not required.

In addition, by regulation of the Division, municipalities are allowed to deposit funds in Government Money Market Mutual Funds purchased through state registered brokers/dealers and banks.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed insurance limits as follows:

The Market Value of the collateral must equal five percent of the average daily balance of public funds; or

If the public funds deposited exceed 75 percent of the capital funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Bank balances are insured up to \$250,000 in the aggregate by the FDIC for each bank. At December 31, 2014, the book value of the Borough's deposits was \$13,892,389.45 and bank balances of the Borough's cash and deposits amounted to \$13,853,064.30. The Borough's deposits which are displayed on the combined balance sheet as "cash" are categorized as:

Category 1 – Insured or collateralized with securities held by the Borough's or its agent in the Borough's name.

Category 2 – Collateralized with securities held by the pledging financial institutions trust department or agent in the Borough's name.

Category 3 – Uncollateralized or collateralized with securities held by the pledging financial institution, or by its trust department or agent, but not in the Borough's name.

Investments:

New Jersey statutes allow the Borough to purchase the following types of securities:

- a. Bonds or other obligations of the United States or obligations guaranteed by the United States.
- b. Government Money Market Mutual Funds
- c. Any obligations that a federal agency or a federal instrumentality has issued, with security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest
- d. Bonds or other obligations of the Borough or bonds or other obligations of school districts, which are a part of the Borough or school districts located within the Borough.
- e. Bonds or other obligations having a maturity date of not more than 397 days from the date of purchase that are approved by the New Jersey Department of Treasury, Division of Investments.
- f. Local Government investment pools.
- g. Agreements for the repurchase of fully collateralized securities, if transacted in accordance with N.J.S.A. 40A:5-15.1 (8a-8e).

NOTE 3 – TAXES RECEIVABLE AND TAX TITLE LIENS

Taxes receivable and tax title liens are realized as revenue when collected. Since delinquent taxes and liens are fully reserved, no provision has been made to estimate that portion of the taxes receivable and tax title liens that are uncollectible.

For the year ended December 31, 2014, the Borough collected \$293,246.99 from delinquent taxes and tax title liens, which represented 100% of the delinquent balances at December 31, 2014.

NOTE 4 –MUNICIPAL DEBT

The Local Bond Law governs the issuance of bonds and notes to finance general capital expenditures. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Borough are general obligation bonds, backed by the full faith and credit of the Borough. Pursuant to N.J.S.A. 40A:2-8 bond anticipation notes, which are issued to temporarily finance capital projects, cannot be renewed past the third anniversary unless an amount equal to at least the first legal requirement is paid prior to each anniversary and must be paid off within ten years and five months or retired by the issuance of bonds.

Summary of Municipal Debt (Excluding Current and Operating Debt)

	<u>2014</u>	<u>2013</u>
<u>Bonds and Notes Issued:</u>		
General Capital:		
Serial Bonds	\$ 4,995,000.00	\$ 5,570,000.00
Bond Anticipation Notes	3,234,106.00	3,298,800.00
Water/Sewer Utility:		
Bond Anticipation Notes		366,806.00
	<u>8,229,106.00</u>	<u>9,235,606.00</u>
<u>Bonds and Notes Authorized but Not Issued:</u>		
General Capital		
	8,296,567.67	3,205,358.50
Water/Sewer Utility		
	<u>1,047,434.36</u>	<u>1,047,434.36</u>
Total Authorized but Not Issued	<u>9,344,002.03</u>	<u>4,252,792.86</u>
Net Bonds and Notes Issued and Authorized but Not Issued		
	<u>\$ 17,573,108.03</u>	<u>\$ 13,488,398.86</u>

Summary of Statutory Debt Condition – Annual Debt Statement

The summarized statement of debt condition which follows is prepared in accordance with the required method of setting up the Annual Debt Statement and indicates a statutory net debt of .915% at December 31, 2014.

	<u>Gross Debt</u>	<u>Deductions</u>	<u>Net Debt</u>
Water/Sewer Utility Debt	\$ 1,047,434.36	\$ 1,047,434.36	\$
Other Bonds and Notes	<u>16,525,673.67</u>		<u>16,525,673.67</u>
	<u>\$ 17,573,108.03</u>	<u>\$ 1,047,434.36</u>	<u>\$ 16,525,673.67</u>

Net Debt, \$16,525,673.67 divided by Equalized Valuation Basis per N.J.S.A. 40:A2-2 as amended, \$1,805,274,820.67 equals .915%.

The Borough's remaining borrowing power under N.J.S.A. 40A:2-6, as amended, at December 31, 2014 was as follows:

3 1/2% of Equalized Valuation Basis (Municipal)	\$ 63,184,618.72
Net Debt	<u>16,525,673.67</u>
Remaining Borrowing Power	<u>\$ 46,658,945.05</u>

School Debt Deductions

School debt is deductible up to the extent of 2.5% of the Average Equalized Assessed Valuations of real property for the Local School District and entirely for the Regional High School.

Calculation of "Self-Liquidating Purposes" Water/Sewer Utility per N.J.S.A. 40A:2-45

Surplus and Cash Receipts from Fees, Rent or Other Charges for Year and Fund Balance Anticipated	\$ 4,075,317.84	
Deductions:		
Operating and Maintenance Costs	\$ 2,655,996.00	
Debt Service per Water/Sewer Utility	<u>366,806.00</u>	
		<u>3,022,802.00</u>
Excess in Revenue		<u>\$ 1,052,515.84</u>

There being an excess in revenue, all Water/Sewer Debt is deductible for Debt Statement Purposes.

The foregoing debt information is in agreement with the Annual Debt Statement as filed by the Chief Financial Officer.

As of December 31, 2014, the Borough long-term debt is as follows:

Schedule of Annual Debt Service for Principle and Interest of Bonded Issued and Outstanding

<u>Year</u>	<u>Total</u>	<u>Cash Basis</u>	
		<u>General</u>	<u>Capital</u>
		<u>Principal</u>	<u>Interest</u>
2015	\$726,050.00	\$555,000.00	\$171,050.00
2016	709,400.00	555,000.00	154,400.00
2017	692,750.00	555,000.00	137,750.00
2018	676,100.00	555,000.00	121,100.00
2019	659,450.00	555,000.00	104,450.00
2020	637,250.00	555,000.00	82,250.00
2021	610,500.00	555,000.00	55,500.00
2022	588,300.00	555,000.00	33,300.00
2023	571,650.00	<u>555,000.00</u>	<u>16,650.00</u>
		<u>\$4,995,000.00</u>	<u>\$876,450.00</u>

NOTE 5 –FEDERAL AND STATE AWARDS

The Borough participates in several federal and state grant programs which are governed by various rules and regulations of the grantor agencies; therefore to the extent that the Borough has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable at December 31, 2014 may be impaired. In the opinion of management, there are no

significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provisions have been recorded in the accompanying statutory basis financial statements for such contingencies.

The Borough participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the Borough may be required to reimburse the operating agency. As of December 31, 2014, there were no significant amounts of grant expenditure that have not been audited by the various grantor agencies and the Borough believes that disallowed expenditures, if any, based on subsequent audits, will not have a material effect on any of the individual governmental funds on the overall financial position of the Borough.

NOTE 6 –FUND BALANCES APPROPRIATED

Fund balances at December 31st that were appropriated and included as anticipated revenue in their own respective funds for the succeeding years were as follows:

Schedule of Fund Balances Appropriated:

	<u>Year</u>	<u>Balance December 31</u>	<u>Utilized in Budgets of</u> <u>Succeeding Year</u>	
Current Fund:	2014	\$ 3,089,557.62	\$ 937,000.00	
	2013	2,343,460.72	937,000.00	
	2012	1,694,536.66	937,000.00	
	2011	1,361,506.91	937,000.00	
Water/Sewer Utility Operating Fund:	2014	\$ 1,916,156.56	\$ 250,000.00	(4)
	2013	709,682.50	482,802.00	(3)
	2012	390,277.36	230,000.00	(2)
	2011	324,542.67	324,000.00	(1)

(1) Includes \$324,000 as Anticipated Revenue in the Current Fund

(2) Includes \$230,000 as Anticipated Revenue in the Current Fund

(3) Includes \$250,000 as Anticipated Revenue in the Current Fund

(4) Includes \$250,000 as Anticipated Revenue in the Current Fund

NOTE 7 – DEFERRED CHARGES TO BE RAISED IN SUCCEEDING BUDGETS

Certain expenditures are required to be deferred to budgets of succeeding years. As of December 31, 2014 there were no deferred charges shown on the balance sheets.

NOTE 8 –ACCUMULATED VACATION AND SICK PAY

The Borough has an Accrued Sick Policy Plan, whereby eligible employees, upon retirement, will receive no more than sixty (60) days of accumulated sick time. Certain employee's use of unused sick leave as retirement leave is capped at \$15,000.00 or may be limited by the provisions of N.J.S.A. 11A:6-19.1. Police officers hired on or after January 1, 2007 will receive no more than thirty (30) days of accumulated sick time. Police officers who retire with twenty-five (25) years of service in the New Jersey pension system and with at least ten (10) years of service to the Borough are also granted sixty (60) days of terminal leave.

The Borough has an Accrued Vacation Policy Plan, whereby eligible employees shall not be entitled to carry over unused vacation days into the following year. Employees who do not take their vacation days shall be entitled to receive compensation for those unused vacation days at the rate of pay the employees is earning.

Provisions for the above are not reflected on the Financial Statements of the Borough. It is estimated that the current cost of such unpaid compensation, which is unaudited, approximate \$277,669.93 at December 31, 2014. In accordance with New Jersey principles, these amounts, which are considered material to the financial statements, are not reported either as an expenditure or liability.

NOTE 9 –PENSION PLANS

Description of Systems

Substantially all of the Borough's employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Public Employees' Retirement System (PERS) or the Police and Firemen's Retirement System (PFRS). In addition, the Borough contributes to the Consolidated Police and Firemen's Pension Fund. These systems are sponsored and administered by the New Jersey Division of Pensions and Benefits. The PERS and the PFRS is considered a cost sharing multiple-employer plan.

Public Employees Retirement System

PERS was established January 1, 1955, under the provisions of N.J.S.A. 43:15A, to provide coverage, including postretirement health care, to substantially all full-time employees of the State or any County, Municipality, School district or public agency, provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees and vesting occurs after ten years of service and 25 years for health care coverage. The Borough does not provide health benefits to employees after 25 years.

Tier 1 Members (members enrolled prior to July 1, 2007) are eligible for retirement at age sixty with an annual benefit generally determined to be $1/55^{\text{th}}$ of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of creditable service. Early retirement is available to those under 60 with 25 or more years of credited service. Members who retire early and are under age 55 receive retirement benefits as calculated in the above mentioned formula, but at a reduced rate ($1/4$ of 1% for each month the member lacks of attaining age 55). Tier 2 Members (members enrolled July 1, 2007 to November 2, 2008) are eligible for retirement at age 66 with an annual benefit generally determined to be $1/55^{\text{th}}$ of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of creditable service. Early retirement is available to these under age 60 with 25 or more years of credited service. Members who retire early and are under age 60 receive retirement benefits as calculated in the above mentioned formula, but at a reduced rate ($1/12^{\text{th}}$ of 1% each month the member lacks attaining age 60, but over age 55 and $1/4$ of 1% for each month the member lacks of attaining age 55).

Chapter 89, P.L. 2008, established a minimum base salary of \$7,700 per year to be eligible for enrollment in Tier 3 of the PERS (members enrolled on or after November 2, 2008 and prior to May 21, 2010) are eligible for retirement at age 62 with an annual benefit generally determined to be $1/55^{\text{th}}$ of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of creditable service. Early retirement is available to those under age 62 with 25 or more years of credited service. Members who retires early and is under age 62 receives retirement benefits as calculated in the above mentioned formula, but at a reduced rate ($1/12$ of 1% for each month the member lacks of attaining age 62 but over age 55 and $1/4$ of 1% for each month the member lacks of attaining age 55).

Chapter 1, P.L. 2010, requires a minimum of 32 hours per week to be eligible to enroll in Tier 4 of PERS (members enrolled after May 21, 2010) and are eligible for retirement at age 62 with an annual benefit generally determined to be $1/60^{\text{th}}$ of the average annual compensation for the highest five fiscal years' compensation for each year of membership during years of creditable service. Early retirement is available to those under 62 with 25 of more years of credited service. Members who retire early and are under age 62, receive retirement benefits as calculated in the above mentioned formula, but at a reduced rate ($1/12$ of 1% for each month the member lacks of attaining age 62 but over age 55 and $1/4$ of 1% for each month the member lacks of attaining age 55). Chapter 1, P.L.2010 imposes a maximum compensation limits for PERS pension contributions for those who become members after May 21, 2010. For 2010, that amount is \$106,800.00. Any members hired after May 21, 2010 whose annual maximum compensation will be reached in any year, become a participant of the Defined Contribution Retirement Program ("DCRP") with regard to the remaining compensation, unless the member irrevocably elects to waive participation in the DCRP. For the amount of compensation in excess of the maximum compensation, 5.5 % will be deducted as a contribution for the purposes of the DCRP. The Borough will be responsible for the DCRP's matching 3% contribution. (See Note 9)

Tier 5 became effective as of June 28, 2011 and requires a minimum of 32 hours per week for local and school employees and 35 hours per week for state employees. Employees who do not work the minimum hours of work but earn over \$5,000.00 may participate in the DCRP. PERS salary is limited to the Social Security maximum wage. The minimum age to retire is 65 and the annual retirement benefit equals years of service divided by 60 times average of last five years salary. Additional requirements and limitations apply for early retirements and veteran retirements.

Police and Firemen's Retirement System

The PFRS was established July 1, 1944 under the provisions of N.J.S.A. 43:16A, to provide coverage to substantially all full-time county and municipal police or firemen and State firemen appointed after June 30, 1944. Membership is mandatory for such employees. Members may opt for Service Retirement if over age 55 or Special Retirement at any age if they have a minimum of 25 years of service or 20 years of service if enrolled in the PFRS as of January 18, 2000. Retirement benefits vary depending on age and years of service. Chapter 1, P.L. 2010 imposes a maximum compensation limit for officers who become members after May 21, 2010 is \$106,800.00. Any member hired after May 21, 2010, whose annual maximum compensation is reached in any year will become a participant of the DCRP with regard to the remaining compensation, unless the member irrevocably elects to waive participation in the DCRP. For the amount of compensation in excess of the maximum compensation, 5.5% will be deducted as a contribution for the purposes of the DCRP. The Borough will be responsible for the DCRP's matching 3% contribution. Tier 5 requirements for PFRS enrollers after June 28, 2011 are the same as those under PERS.

Deferred Compensation Plan (Un-audited) (See Note 8)

The Borough offers its employees a Deferred Compensation Plan (the "DC Plan") created in accordance with the provisions of N.J.S.A. 43:15B-1 et seq., and Internal Revenue Code, Section 457. The DC Plan, available to all municipal employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

Statutory and regulatory requirements governing the establishment and operation of a Deferred Compensation Plan have been codified in the New Jersey Administrative Code under the reference N.J.A.C. 5:37.

The "Small Business Job Protective Act of 1996" (the "Act") revised several provisions of Section 457 of the Internal Revenue Code. A provision of the Act requires that all existing plans be modified to provide that the funds be held for the exclusive benefit of the participating employees and their beneficiaries.

Consolidated Police and Firemen's Pension Fund

The Consolidated Police and Firemen's Pension Fund (CPFPPF) is a defined benefit pension fund established in 1952 to replace, on an actuarial basis, 212 local police and firemen pension funds. The CPFPPF membership is limited to policemen and firemen appointed prior to July 1, 1944. The liabilities of these funds were shared by two-thirds of the participating municipalities and one-third by the State. The CPFPPF Board of Trustees has the responsibility for the proper administration of the CPFPPF.

Contributions Required and Made

Contributions made by employees for PERS and PFRS are currently 6.78% and 10% of their base wages, respectively. Employer contributions are actuarially determined on an annual basis by the Division of Pensions and Benefits. Contributions to the Plan for the past year are as follows:

Year	PERS		PFRS	
	Borough	Employees	Borough	Employees
2014	\$ 246,135.00	\$ 117,103.88	\$ 698,834.00	\$ 242,470.15

For PERS participants, the contribution rate will increase 1.0% over the next seven years beginning July 1, 2013.

NOTE 10 - HEALTH BENEFITS

P.L. 2011 Ch. 78 Section 39 established guidelines for implementing employee contributions to the cost of their health insurance coverage.

The benefit cost of coverage is the premium. For State Health Benefit Plan (the "SHBP") employers, the cost of coverage is the cost of medical and prescription coverage. For non-SHBP employers, the law requires that the cost of coverage includes all health care benefits; medical, prescription, dental, vision etc.

The base salary of the employees determines the percent of premium cost that is contributed.

The contribution is phased in at 25% per year:

- a) For employees hired on June 28, 2011 and not subject to Collective Negotiations Agreement ("CNA") that is in effect, contributions are effective on the date of hire
- b) When a CNA that was in effect on June 28, 2011 expires or is in almost any way modified;

Full contribution (Year 4) takes effect immediately for employees hired after June 28, 2011, who are not covered by a CNA or would be covered by a CNA that has expired.

When contributions begin, if the 1.5% of base salary calculation under Ch. 2 is greater than the standard contribution, that amount is paid until the new contribution percentage is greater.

NOTE 11 - OTHER POSTEMPLOYMENT BENEFITS

Plan Description

The Borough contributes to the State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. The SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq., to provide health benefits to State employees, retirees, and their dependents. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. The SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. In 1982, the Borough of Roseland authorized participation in the SHBP's post-retirement benefit program through resolution number adopted March 23, 1982. The Borough agrees to pay the premium or periodic charges for the benefits provided to all eligible retired employees and their dependents covered under the program, but not including survivors, if such employees retired from the State or locally administered retirement system, effective after the date, the employer adopted the State Health Benefits Program on a benefit based on 25 years or more of service credited in such retirement system, except employees who elected deferred retirement, but including the employees who retired on disability pensions based on fewer years of service credited in such retirement system and also to reimburse such retired employees for their premium charges under Part B of the Federal Medicare Program covering the retired employees and their spouses in accordance with the regulations of the State Health Benefits Commission.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at www.state.nj.us/treasury/pensions/gasb-43-sept2009.pdf.

Funding Policy

Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

Contributions to pay for the health premiums of participating retirees in the SHBP are billed to the Borough on a monthly basis. The Borough adopted Chapter 88, public laws of 1974 and adheres to the rules and regulations promulgated by the State Health Benefits Commission. These rules apply to all eligible present and future pensioners of the employer and their dependents and continues as long as the State is paying the cost of its eligible pensioners and their dependents in accordance with the provisions of Chapter 75, public laws of 1972, provide for local employer reimbursement of Federal Medicare premiums for eligible pensioners and/or their spouses, as well as the payment of health insurance premiums required by the program, on a basis comparable to the reimbursement made by the State to its eligible pensioners and their spouses in accordance with the provisions of Chapter 75, Public Laws of 1972 and require the local employer to pay the full cost of such premiums and Medicare charges. All funds are budgeted in the year they are incurred.

Chapter 78 of the Laws of 2011, requires all public employees that retire after June 28, 2011, who does not have 20 years or more of service in the retirement system as of June 28, 2011 and retire after 25 years of service, to make a standard contribution, paid to their employer as a deduction from their retirement benefit.

The Borough's contributions to SHBP for the years ended December 31, 2014, 2013, and 2012, were \$772,701.94, \$710,567.78, and \$595,532.11, respectively, which equaled the required contributions for each year. There were approximately 36, 36 and 35 retired participants eligible at December 31, 2014, 2013, and 2012, respectively.

NOTE 12--RISK MANAGEMENT

The Borough is a member of the Statewide Excess Liability Insurance for various insurance coverage excluding health benefits where they are part of the State of New Jersey Health Insurance Plan.

Interfund Receivables and Payables

The following are reflected as interfund receivables and payables on the various balance sheets:

Schedule of Water/Sewer Consumer Accounts Receivable:

The Borough combined their Water and Sewer Utility Funds into one combined fund for the calendar year 2014. The combined fund is used for the billing and collection of rents. The Borough's billings are done on a quarterly basis. The billing and collections for the previous five years are as follows:

<u>Year</u>	<u>Billing</u>	<u>Collection*</u>
2014	\$ 2,760,000.00	\$ 3,082,791.82
2013	2,945,223.96	2,770,895.47
2012	2,918,324.61	2,895,423.69
2011	2,815,718.58	2,784,662.50
2010	3,064,573.88	3,053,119.97

NOTE 13 - SUBSEQUENT EVENTS

The Borough has evaluated subsequent events occurring after December 31, 2014 through the date of June 15, 2015, which is the date the financial statements were available to be issued. Based on this evaluation, the Borough has determined that no subsequent events have occurred which require disclosure in the financial statements.

BOROUGH OF ROSELAND

PART II

DECEMBER 31, 2014

**Report on Internal Control Over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing
Standards***

The Honorable Mayor and Members
the Borough Council
Borough of Roseland

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the regulatory basis financial statements of the various funds of the Borough of Roseland, Essex County, New Jersey (the "Borough"), as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise Borough's basic financial statements, and have issued our report thereon dated June 15, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the regulatory basis financial statements, we considered the Borough's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the regulatory basis financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's regulatory basis financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

BOROUGH OF ROSELAND
GENERAL COMMENTS
DECEMBER 31, 2014

Scope of Audit

The audit of the financial statements of the Borough of Roseland, County of Essex, New Jersey, as required by the Division of Local Government Services, covered the financial transactions of the Treasurer, Tax Collector, and the activities of the Borough and the records of the various outside departments.

The audit did not and could not determine the character of services rendered for which payment had been made or for which reserves had been set up, nor could it determine the character, proper price or quantity of materials supplied for which claims had been passed. These details were necessarily covered by the internal review and control before approval of such claims by the governing body.

CONTRACTS AND AGREEMENTS REQUIRED TO BE ADVERTISED
FOR N.J.S.A. 40A: 11-4

N.J.S.A. 40A:11-4, as amended, states "Every contract or agreement, for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only by the Governing Body of the contracting unit after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials, or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate the amount set forth in, or the amount calculated by the Governor pursuant to (N.J.S.A. 40A:11-3c), except by contract or agreement."

It is pointed out that the Borough Council has the responsibility of determining whether the expenditures in any category will exceed the threshold set for the fiscal year and, where question arises as to whether any contract or agreement might result in violation of the statute, the opinion of the Borough Attorney should be sought before a commitment is made.

The bidding threshold for the period January 1, 2014 until December, 31 2014, under audit is \$36,000.00 in accordance with the provisions of N.J.S.A. 40A:11-3a.

Notwithstanding N.J.S.A. 40A:11-3a, P.L. 2005, Chapter 51 and N.J.S.A. 19:44A-20.5, known as the "Pay to Play Law", provides that the municipality is prohibited from executing any contract in excess of \$17,500.00, on or after January 1, 2006, to a business entity that made certain reportable contributions to any municipal committee of a political party if a member of that party is in office as a member of the governing body of the municipality when the contract is awarded unless proposals or qualifications are solicited through a fair and open process.

It is further noted that contracts between \$17,500.00 and the municipal bidding threshold, known as "window contracts", can be issued by resolution of the governing body without competitive bidding if a non-fair and open process is implemented which prohibits reportable contributions by the business entity.

Bonded Officials

The following officials were bonded during the year ended December 31, 2014 through policies issued by the New Jersey Intergovernmental Insurance Fund:

<u>Name</u>	<u>Title</u>	<u>Amount</u>
Maureen Chumacas	Chief Financial Officer.	\$1,000,000
Maureen Chumacas	Tax Collector	1,000,000
William T. Connell	Municipal Court Judge	1,000,000

All employees, other than the Tax Collector and Municipal Court personnel, were covered by a Public Employee Dishonesty Blanket Bond in the amount of \$250,000 issued by the New Jersey Intergovernmental Insurance Fund.

Collection of Interest on Delinquent Taxes and Assessments

The statute provides the method for authorizing interest and the maximum rate to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body adopted the following resolution authorizing interest to be charged on delinquent taxes:

"Not to exceed 8% per annum on the first \$1,500 of the delinquency and 18% on any amount in excess of \$1,500."

"The Borough Council by resolution instructed the Tax Collector to permit a ten (10) day grace period in the collection of taxes before a charge of interest is made."

"Be it further resolved that an additional 6% penalty be charged for delinquencies in excess of \$10,000 remaining unpaid at the end of the calendar year in accordance with the amended provisions of N.J.S.A. 54:4-67."

It appears from the examination of the Collector's records that interest was collected in accordance with the foregoing resolution.

Delinquent Taxes and Tax Title Liens

The delinquent taxes at December 31, 2014 consist of unpaid taxes for the year 2014. It is quite evident, that a determined effort has been made to enforce the payment of delinquent taxes.

Administrative Procedures

Pension Eligibility

The State of New Jersey enacted legislation under Ch. 92 P.L. 2007 and codified under N.J.S.A. 43:15A-7.2 and 43:15c-2b(4). The law established that individuals performing professional services 1) under a contract awarded pursuant to N.J.S.A. 40A:11.5 and 1 or 2) under an independent contract as determined in accordance with rules an policy of the IRS are ineligible for membership in the State's Pension System (PERS). There was no "grandfathering" provisions under N.J.S.A. 43:15A-7.2. The municipalities were required to remove them from the pension rolls.

It appears that two individuals, one who is enrolled in PERS (Board of Adjustment Attorney) and one who is enrolled in the Defined Contribution Retirement Program (Borough Attorney), do not meet the requirements under the statutes. It is noted that the Borough Attorney is appointed each year by resolution. The Borough has submitted documentation to the State Division of Pensions and is awaiting an opinion for both positions.

BOROUGH OF ROSELAND
COMMENTS AND RECOMMENDATIONS
YEAR ENDED DECEMBER 31, 2014

**BOROUGH OF ROSELAND
COMMENTS AND RECOMMENDATIONS
DECEMBER 31, 2014**

Administrative

Purchasing

Finding:

The Borough has run its recreation programs through an organization called West Essex Youth Sports Alliance. Payments made to the vendor exceed the quote threshold of \$5,400 and quotes were not solicited. It was also noted that the vendor did not carry liability insurance.

Recommendation:

It is recommended that:

- 1) Any contractor doing business with the Borough maintain liability insurance.
- 2) All contracts which are expected to exceed the quote threshold, the Borough obtain at least two quotes.

Financial Reporting

Recreation Department

Findings:

- 1) There were multiple voids in the cash receipts books throughout the year. There were no explanations attached for the voids. Thus we are unable to determine if all collections were turned over.
- 2) The fee charged for one activity was not in agreement with the Borough ordinance.
- 3) Sponsorship for Borough recreation activities are permitted through an ordinance. Sponsors could contribute a onetime fee or pay over a two or three year period at all different fees. We were unable to determine if the amounts received agreed to the Borough fee ordinance since there was inadequate bookkeeping or sufficient documentation supplied.

Recommendations:

It is recommended that:

- 1) All voided receipts be retained with explanations attached.
- 2) Fees charged for recreation activities be in agreement with the Borough ordinance.
- 3) Proper recordkeeping and supporting documentation be maintained on all fees collected through sponsorships.
